

Thank you

2019-2020 Gratitude Report

Dear Generous Donor,

Little did we know that 2019-2020 was going to be an unprecedented year. As we all experienced, life changed dramatically when the pandemic hit in March. But, thanks to your support, Santa Monica students continue to benefit from enriching programs. This continuity for our children is vital and is only possible because of your contribution. Thank you.

In this report, we celebrate the opportunities you created for our students. We hope that these student stories warm your heart, just as your investment in education has warmed ours.

With sincerest gratitude,

Nancy Patel, President
2019-2020 Board of Directors

Linda Greenberg
Executive Director

Our mission

To engage the community to invest in a vibrant educational experience for all students in the Santa Monica public schools.

Because of you...

Samohi engineers won at JPL

Students from Samohi's Project Lead the Way engineering program took home the prize for the largest device at the annual JPL Invention Challenge in December!

Your donation helps fund this engineering experience at Samohi. In this four-year program, students engage in hands-on activities to invent, design and solve problems, leading many of them to consider careers in science or engineering.

Take a look at students preparing their devices for the JPL competition in this [video](#).

STEM

- 1,570 elementary students are introduced to enriching STEM programs
- JAMS students learn how to work as a team in a rigorous app design class
- Samohi students develop leadership and problem-solving skills in Project Lead the Way, a four-year engineering program

Students benefit from small-group learning

Your donation funds instructional aides (IAs), vital educators in Santa Monica elementary classes. Elementary students benefit from personalized lessons and small group work with IAs. Since the COVID-19 pandemic closed schools, IAs have been crucial to students' success during distance learning. In Zoom classes, IAs help teachers facilitate whole class sessions and work with small groups of students in breakout rooms.

Aides

- Highly trained instructional aides support students' social-emotional and academic growth
- Aides teach reading, writing and math in small groups
- 70 aides work in our 8 elementary schools, helping over 3,800 students

As one third-grade teacher said, "IAs are vital. Students benefit from having personalized and individualized attention. Academically, more students are able to receive targeted support. In terms of social-emotional support, the students feel heard, seen and valued, thanks to IAs. The benefits are huge."

Because of you...

Cameron, Diego & Eloise gave “Hakuna Matata” meaning

Last winter, Lincoln Middle School students Cameron, Diego and Eloise brought the house down in their school's production of Disney's *The Lion King, Jr.*

With support from the Ed Foundation these students and many others acted, sang, danced and built sets to put on a incredible show. Cameron, Diego and Eloise were slated to bring their Hakuna Matata spirit to the 2020 Wine Auction with a performance for the event's attendees. When COVID-19 forced the event to go virtual, it didn't stop these students. They worked together to make an [incredible virtual version](#) of their performance.

Arts

- All 3,800 elementary students get to draw, sing or perform in arts classes
- Middle and high school students have access to robust dance, theater and visual art classes
- Music coaches assist teachers and students in our Title 1 elementary schools and both middle schools

Health Office Specialists provide comfort and care

This year, Health Office Specialists became even more crucial. During distance learning, the specialists are tracking student health data, communicating with parents regarding required vaccines and medications, distributing personal protective equipment for essential staff, and helping to prepare isolation rooms.

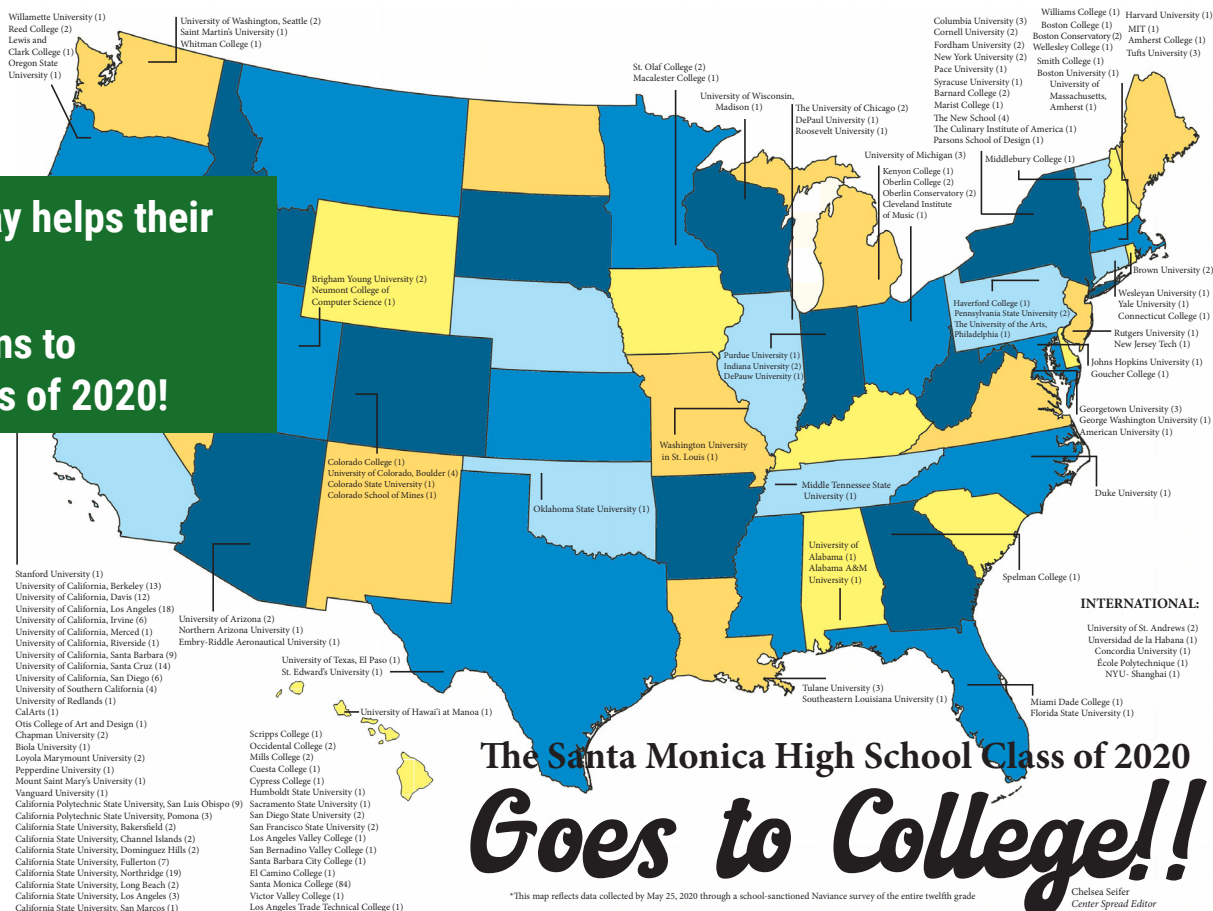

And thanks to your support, students will be cared for when they return to campus as well. The largest elementary schools in Santa Monica have Health Office Specialists covering the times when the school nurse is not on campus. These staff perform essential daily health services, from tracking glucose levels in students with juvenile diabetes to managing allergies. And, when unexpected health situations arise, there is a health worker on campus to provide immediate help.

Wellness

- Health Office Specialists care for 3,037 students at Lincoln and three elementary schools
- 1,369 middle schoolers practice mindfulness techniques
- Staff are trained to support middle school students' social-emotional development

Investing today helps their tomorrow.

Congratulations to Samohi's Class of 2020!

The Santa Monica High School Class of 2020
Goes to College!!
