## ABOUT P.S. ARTS

P.S. ARTS is a nonprofit organization dedicated to improving the lives of children through arts education. Our goal is to foster an environment where students thrive creatively and academically.

Teaching Artists are experienced educators and have advanced degrees in arts, education, or other relevant fields of study. P.S. ARTS Teaching Artists are practicing artists who integrate their art forms, unique perspectives, and professional skills into the classroom.

Teaching Artists write original curricula based on the California Visual and Performing Arts (VAPA) Standards as well as Social Justice Standards adopted from the Southern Poverty Law Center, which support implementation of the National Common Core Standards. The program strives to contribute to an overall school climate that is inclusive, creative, and empowered.

## P.S. ARTS CONCEPT MODEL SUMMARY

P.S. ARTS programs serve our mission to improve children's lives by fostering their development of knowledge, skills, and social-emotional assets linked to success in school, work, and life. The P.S. ARTS model illustrates the role of arts education in building safe, just, idea-galvanizing schools in which all children can thrive. Finally, it reflects an understanding of the systemic nature of our endeavor by aligning program activities with the four evaluative lenses identified in Harvard University's 2010 report "Qualities of Quality: Student Learning, Pedagogy, Environment, and Community Dynamics."

## HOW DID P.S. ARTS COME TO SMMUSD?

P.S. ARTS has been working with title one schools in SMMUSD for years! In 2014, P.S. ARTS was thrilled by the opportunity to expand into all of SMMUSD's 11 elementary schools as part of the district's commitment to arts equity. All students in SMMUSD are receiving 30 weeks of arts instruction in music, theater, and/or visual arts. Each school principal has customized their own school's program and chosen either a single discipline or multi-discipline rotational model in music, theater, and/or visual arts.

## WHO PAYS FOR P.S. ARTS SERVICES IN SMMUSD?

- Most of the funding for P.S. ARTS programming comes from your generous donations to the Santa Monica-Malibu Education Foundation (now the Santa Monica Education Foundation).
- Additional funding is provided by P.S. ARTS fundraising efforts.

# P.S. ARTS AT JOHN MUIR

## MUIR KINDERGARTEN THROUGH 5TH GRADES

Fall and Spring (Visual Arts - 30 weeks): Fall and Spring (Visual Arts - 30 weeks): Muir students are excited to welcome back Visual Arts Teaching Artists Ann Barron and Matt MacFarland. P.S. ARTS Visual Arts focuses on student learning aligned with the CA VAPA standards. Students explore elements of art and principals of design including line, color, texture, shape, space, value, and composition. Art history and literacy knowledge grows as students learn about artists and masterworks by describing function, form, and their own critical response.

I hold a fundamental belief that everyone is able to draw, they either don't know it yet or have forgotten.

– Matt MacFarland, Teaching Artist

Art often seems mysterious and unapproachable, but really it is simply created by applying the Elements of Art and Principles of Design. If you want to draw a house, start with basic shapes - a square topped with a triangle! A self-portrait? Start with an oval. There's no right or wrong way to go - photorealism to the most abstract imagery.

I strive to make the art studio a special place, where students feel safe enough to explore a wide variety of art ideas and techniques. Students gain mastery of many mediums, including drawing, painting, collage, print-making and clay. Each technique/project is broken down into easy-to-follow steps, keeping frustration at bay and allowing for each student's personal vision/expression.

– Ann Barron, Teaching Artist

## How does the class CULMINATE?

P.S. ARTS residencies culminate in “Open Class Informances.” Parents and the school community are invited to the arts classroom to witness students sharing the work they have generated and the knowledge and skills they have gained over the course of the residency. Open class Informances may take the form of a student art portfolio display, an informal play or musical performance, readings or other formats; they are often interactive so that you can create art or music alongside your child. Letters home will be provided in advance.

## How do I CONNECT?

- Parents who have completed their school's volunteer training requirements are welcome to volunteer in the arts classroom. See your school administrator for more information
- Attend your child's open class Informance.
- Host or attend a P.S. ARTS Family Night at your school.
- Support SMEF and PTA by donating or attending fundraising events.
